Jokes and Laughter

Although people all over the world like to share jokes and laugh with each other, all cultures have their own style of humor. What people find funny in one culture may not be amusing in another culture. It is important to remember this when trying to tell a joke to someone from another culture. Also, when you are visiting a different culture, don't get discouraged if you do not understand the humor. Jokes often involve very advanced or slang language, and they also require a deep understanding of the culture. The deeper the understanding you have of a culture, the better you will understand the humor. However, although people from different cultures laugh at different things, they all do laugh. and, all cultures seem to agree that laughter really is the best medicine. Read the following quotes and proverbs about laughter that come from different cultures.
